CRYOBANKS INTERNATIONAL C.E.O, DWIGHT BRUNOEHLER SET TO DELIVER UNIVERSITY OF CENTRAL FLORIDA COMMENCEMENT CELEBRATION ADDRESS

Altamonte Springs, FL - April 5, 2007 - Cryobanks International, Inc. President and CEO Dwight Brunoehler returns to his college alma mater next week to deliver the commencement celebration address to The University of Central Florida's (UCF) Burnett College of Biomedical Sciences Spring graduating class. This class includes a mix of students receiving their Masters or Ph.D. degrees. Many of these students will pursue careers in medical or biomolecular sciences. This marks the school's second spring graduating class.

Mr. Brunoehler attended UCF in the early 1970s earning a B.A. degree in Political Science. "I consider this an honor. UCF has grown to become one of the most respected colleges in the country. The addition of the Burnett College is proof of this" said Mr. Brunoehler.

The commencement celebration address is set for April 11 and includes the graduating class, fall graduates, family and special guests of the college.

About Cryobanks:

Cryobanks International, Inc. is a corporation located in Altamonte Springs, FL. The Company is a leader in the collection, processing, and banking of stem cells derived from the umbilical cord immediately after birth. The units of cord blood (CB) are processed and stored by the company for use in unrelated transplants (where the donor is a histocompatible match, but is anonymous and unrelated to the recipient) and for personal storage and use. In recent years, cord blood transplants (CBTs) have become widely recognized as a safe, effective, and in many ways preferable, alternative to bone marrow transplant (BMT). There is tremendous potential need for CBTs in the United States and

worldwide. Cryobanks International is well poised to help meet that need, equipped with an inventory of over 9,700 cord blood units. For more information about Cryobanks International call 1-800-869-8608 or visit the website at www.cryo-intl.com.
